Inhaler technique check

The Asthma and COPD Annual Review

PROJECT OVERVIEW

STEP 1

During asthma or COPD review, check inhaler technique.

STEP 2

Ensure correctly coded.

MORE DETAILS

STEP 1 - DURING A PATIENT REVIEW

During a routine Asthma or COPD review, check the patient's inhaler technique. Ensure the patient is also signposted to videos that demonstrate the correct inhaler technique, if they need a reminder after their review, including those on the Healthhub apps.

STEP 2 - CODE THE INHALER TECHNIQUE CHECK

Code that the patient's inhaler technique has been observed:

• Read code: 6637
• SNOMED code: 170614009
